### INGREDIENTS

- 1 bottle Malibu Pineapple
- 1 bottle Malibu Peach
- 1 bottle coconut rum
- 1 bottle silver rum
- 1 bottle tropical punch or pineapple-orange juice
- Orange slices, for garnish
- Strawberries, for garnish
- Ice, for serving

### DIRECTIONS

- Combine :** Ingredients: In a large jug, punch bowl, or drink dispenser, pour in Malibu Pineapple, Malibu Peach, coconut rum, silver rum, and tropical punch or juice.
- Mix :** Well: Stir thoroughly to make sure the rums and juice are fully combined.
- Add :** Garnishes: Toss in halved strawberries and orange slices. They add a fruity pop and make the punch look fresh and fun-like it's all juice. (Spoiler: it's not.)
- Serve :** Cold: Fill glasses with ice and pour in the Sneaky Link. Garnish if desired. Serve chilled.
- Optional :** Warning: Give your guests a playful heads-up: this drink is light on the tongue and heavy on the rum. ?

### TIPS FOR SUCCESS

**Chill Everything First:** Start with cold juice and rum so you don't have to water it down with too much ice.

**Use a Clear Dispenser:** This punch looks gorgeous with floating fruit-show it off!

**Batch Ahead:** Make the day before and refrigerate without fruit.

**Stir Before Serving:** Juice and rum can separate over time, so give it a quick stir every so often.
