DIRECTIONS

1. ? 1. Make the Peach Syrup: In a medium saucepan, combine the peaches, sugar, and 2 cups of the water. Bring to a boil, then reduce the heat and simmer for 10 minutes, until the sugar dissolves and the peaches soften.
2. ? 2. Blend and Strain: Carefully transfer the peach mixture to a blender or use an immersion blender to puree until smooth. Pour the puree through a fine mesh strainer, pressing with a spoon to extract every last drop of juicy flavor. Let the mixture cool completely.
3. ? 3. Mix with Lemon Juice: Once cooled, pour the peach puree into a pitcher. Add the lemon juice and the remaining 3 cups of water. Stir until well combined.
4. ? 4. Serve Chilled: Pour over a tall glass filled with ice and garnish with a peach slice or lemon wedge for that extra flourish.
